Mailgun now supports multiple regions! The U.S. region will be used by default, but you can choose the EU region. You can configure your Mailgun settings in your wp-config.php file or [here](#)

[Homepage](#) [Documentation](#) [Troubleshooting](#)

Max Mega Menu

Core version: 2.9.2 - Pro version: 2.2

Menu Locations **Menu Themes** General Settings Tools License

Select theme to edit

Editing theme: Default

This menu theme is not currently active as it has not been applied to any menu locations. You may wish to check you are editing the correct menu theme - you can choose a different theme to edit using the 'Select theme to edit' selector above. Alternatively, to apply this theme to a menu go to *Appearance > Menus > Max Mega Menu Settings* and select this theme from the 'Theme' dropdown.

General Settings **Menu Bar** **Mega Menu** Flyout Menu Mobile Menu Badges Custom Styling

Panel Background

Set a background color for a whole sub menu.

FROM TO

→

Panel Width

Mega Panel width.

OUTER WIDTH INNER WIDTH

i A 100% wide panel will only ever be as wide as the menu itself. For a fixed sub menu width set this to a pixel value.

i Advanced: Enter a jQuery selector to synchronize the width and position of the sub menu with existing page element (e.g. body, #container, .page).

i [Documentation: Configuring the sub menu width](#)

Panel Padding

Set the padding for the whole sub menu. Set these values 0px if you wish your sub menu content to go edge-to-edge.

TOP RIGHT BOTTOM LEFT

Panel Border

Set the border to display on the sub menu.

COLOR TOP RIGHT BOTTOM LEFT

Panel Border Radius

Set rounded corners for the sub menu.

TOP LEFT TOP RIGHT BOTTOM RIGHT BOTTOM LEFT

Column Padding

Use this to define the amount of space around each widget / set of menu items within the sub menu.

TOP RIGHT BOTTOM LEFT

Widgets

Title Font

Set the font to use Widget headers in the

COLOR SIZE FAMILY TRANSFORM

Set the font to use widget headers in the mega menu. Tip: set this to the same style as the Second Level Menu Item Font to keep your styling consistent.

WEIGHT	DECORATION	ALIGN
<input type="text" value="Bold (700)"/>	<input type="text" value="None"/>	<input type="text" value="Left"/>

Title Padding

Set the padding for the widget headings.

TOP	RIGHT	BOTTOM	LEFT
<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="5px"/>	<input type="text" value="0px"/>

Title Margin

Set the margin for the widget headings.

TOP	RIGHT	BOTTOM	LEFT
<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>

Title Border

Set the border for the widget headings.

COLOR	COLOR (HOVER)	TOP	RIGHT	BOTTOM	LEFT
<input type="text" value="transparent"/>	<input type="text" value="transparent"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>

Content Font

Set the font to use for panel contents.

COLOR	SIZE	FAMILY
<input type="text" value="#666"/>	<input type="text" value="14px"/>	<input type="text" value="Theme Default"/>

Second Level Menu Items

Item Font

Set the font for second level menu items when they're displayed in a Mega Menu.

COLOR	SIZE	FAMILY	TRANSFORM
<input type="text" value="rgb(255, 255, 255)"/>	<input type="text" value="18px"/>	<input type="text" value="Lato"/>	<input type="text" value="UPPERCASE"/>
WEIGHT	DECORATION	ALIGN	
<input type="text" value="Bold (700)"/>	<input type="text" value="None"/>	<input type="text" value="Left"/>	

Item Font (Hover)

Set the font style on hover.

COLOR	WEIGHT	DECORATION
<input type="text" value="rgb(112, 240, 72)"/>	<input type="text" value="Bold (700)"/>	<input type="text" value="None"/>

Item Background (Hover)

Set the background hover color for second level menu items.

FROM	TO
<input type="text" value="transparent"/>	<input type="text" value="transparent"/>

Item Padding

Set the padding for the second level menu items.

TOP	RIGHT	BOTTOM	LEFT
<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>

Item Margin

Set the margin for the second level menu items.

TOP	RIGHT	BOTTOM	LEFT
<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>

Item Border

Set the border for the second level menu items.

COLOR	COLOR (HOVER)	TOP	RIGHT	BOTTOM	LEFT
<input type="text" value="transparent"/>	<input type="text" value="transparent"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>	<input type="text" value="0px"/>

Third Level Menu Items

Item Font

Set the font for third level menu items when they're displayed in a Mega Menu.

COLOR	SIZE	FAMILY	TRANSFORM
<input type="text" value="rgb(255, 255, 255)"/>	<input type="text" value="16px"/>	<input type="text" value="Lato"/>	<input type="text" value="Normal"/>
WEIGHT	DECORATION	ALIGN	
<input type="text" value="Normal (400)"/>	<input type="text" value="None"/>	<input type="text" value="Left"/>
