TIP! Hello School Website Administrators!

This exemplar, and its companion [Degrassi](#), serve as a repository of possibilities. Please look through for ideas and best practices for how you can make your school website the best it can be.

All good websites evolve over time. They grow as their administrators grow, as their audiences grow. Within these pages are ideas you can use to grow your unique website so it reflects your school.

Some aspects of your website are mandatory, as outlined in the Website Procedure. We are collecting those mandatory pieces explicitly in the [WordPress Handbook](#).

We welcome and request your [feedback!](#) Problems and support requests should go directly to [ITService Desk](#).
